Dear Examiner Yip:

After carefully review the above referenced patent application's PAIR (Patent Information Retrieval) system, we noticed that the title of the invention is incorrectly stated because of the existence of inconsistent titles in filing the patent application.

Please note that the title of the invention in the Specification, "Foldale House and Container Assembly," should be corrected as "Foldable House and Container Assembly," as indicated in the Patent Application Cover Sheet. A copy of these documents is herewith attached for your convenience.

It is respectfully requested that the title of the invention be corrected for the quality of examination of the application.

If, for some reason, the Examiner considers otherwise, it is respectfully requested that the undersigned be called so that any deficiencies can be remedied.

Respectfully Submitted,

FOLDALE HOUSE AND CONTAINER ASSEMBLY

BY

CHANG HO BIN ET. AL.

5

BACKGROUND OF THE INVENTION

The present invention relates to a foldable house assembly or a foldable container assembly. More particularly, this invention relates to a foldable house that has minimum size when it is folded, and requires 10 minimum assembly operation, when it is unfolded and assembled to its service state.

There have been many house assemblies that are disassembled for easy and economic transportation to the locations at which the house assemblies are assembled and 15 used.

Korean Patent Number 10-0337519 discloses a foldable house that has a base panel, side panels, a front panel, a rear panel, and a roof panel. The base panel has a frame and a bottom plate fixed thereon. Lower edges of the side 20 panels are pivotally supported on the side edges of the base panel with hinges. The front panel is pivotally supported on the front edge of the base panel with hinges. The sides of the front panel are connected with the front surfaces of the side panels. The rear panel abuts on the
